

① PREPARE ② TREAT ③ MAINTAIN

INDUSTRIAL BASE COLOR SYSTEM

Flexibility, creativity and reduced waste in obsolete colored oils

What is

WOCA Industrial Base Color System?

With four carefully developed base color oils + 1 natural oil, you can mix colors like using an artist's palette.

The oils* can be easily mixed using a blade. Only stir for a few minutes.

[*Base colors also need to be stirred before use]

The key benefits

of WOCA Industrial Base Color System

Don't settle for standard colors. Mix or adjust colors according to customer preferences and your machine line configuration. Every line has its own distinctive features and every customer has unique desires. The WOCA Industrial Base Color System allows you to cater to both while minimizing waste.

supplied and will experience shorter lead times for new colors, because you can mix custom colors whenever you are ready. The WOCA Industrial Base Color System mix volumes to actual needs, meaning less waste of custom tinted oil in stock.

With the WOCA Industrial Base Color System you can use the colors as

With less color oils in stock you need less working capital and will experience a better cash flow for your business.

The key properties

of WOCA Industrial Base Color System

The WOCA Industrial Base Color System is available as both oxidative and UV-hardening curing systems.

WOCA Denmark has formulated no less than 15 standard colors in advance, but you have the possibility to mix an endless palette of colors. The intermix colors are delivered in 2.64 gallon containers for ease of handling.

The system is safe and simple to use. The color oils can be applied on site, in a shop environment or with standard industrial equipment. With the WOCA Industrial Base Color System you can achieve line speeds up to 15m per minute.

Our color oils are also designed for use in conjunction with pre-treatments to further expand the depth and variety of looks that can be achieved only with the WOCA Industrial Base Color System.

...UNLIMITED POSSIBILITIES!

WOCA Denmark has been caring for floors, furniture and outdoor wood surfaces since 1973. We believe that all materials deserve to be cared for with quality products that keep them looking clean, healthy and beautiful for as long as possible.

Today, we are an international company - but our Danish roots can still be clearly seen in our high quality standards and our outlook. We take great care to limit our environmental impact and to live up to our customers' expectations when they use WOCA products to prepare, treat or maintain their materials.
